

European Network of Materials Research Centres

NAME : DR. THOMAS GRAULE

**INSTITUTION : EMPA SWISS FEDERAL LABORATORIES FOR MATERIALS
TESTING AND RESEARCH**

COUNTRY : SWITZERLAND

Profile : Research Institution belonging to the ETH Domain
Activities : Development of all kind of materials (ceramics, metals, polymers, wood, composites) and coating techniques (PVD, CVD, flame- and plasma coating), testing of materials.
Expertise on following materials : <ul style="list-style-type: none">- Ceramics- Polymers- Metals- Composites
Actual research domains concerning materials technology / Competences : Very broad field, over 600 researchers (including 150 PhD students and 300 technicians and engineers) working together; organized in 30 different laboratories
Available research infrastructure : <ul style="list-style-type: none">- Large variety of equipment
Coordinate address : Empa, Ueberlandstrasse 129, CH 8600 Dübendorf Switzerland
